## **Mask Wearing & Illness Policy**

*Effective June 22, 2022*

The wearing of facial masks on campus is optional and is based on the comfort level of each individual, with the following exceptions:

- Masks are **required** to be worn by individuals **while performing facial and body procedures** on others in a classroom lab setting.
- Masks are **required** to be worn by individuals at **ALL TIMES in the school's Clinic during public appointment hours.**
- Individuals with allergies (sneezing, coughing) are **strongly advised** to wear a mask for the comfort and well-being of others.

Individuals with common cold or flu-like symptoms should stay home.

Individuals who test positive for COVID-19 are **required to stay home and quarantine** until they obtain a negative test result. Students must inform their instructor and the Director of Education immediately upon testing positive for COVID-19.

As a reminder, any student absences from class, regardless of reason, must be made up. A student may apply for a Leave of Absence due to any extended time away from school due to medical reasons.

Please see the official Leave of Absence policy in the School Catalog.
